

Copyright and Use: More Information

Introduction:

Each document in the BMET Library has terms of copyright and use. Documents are sorted into four categories based on rules for modification, distribution, and copying of each document. Brief information about rights can be found in the description of each document on the BMET Library website.

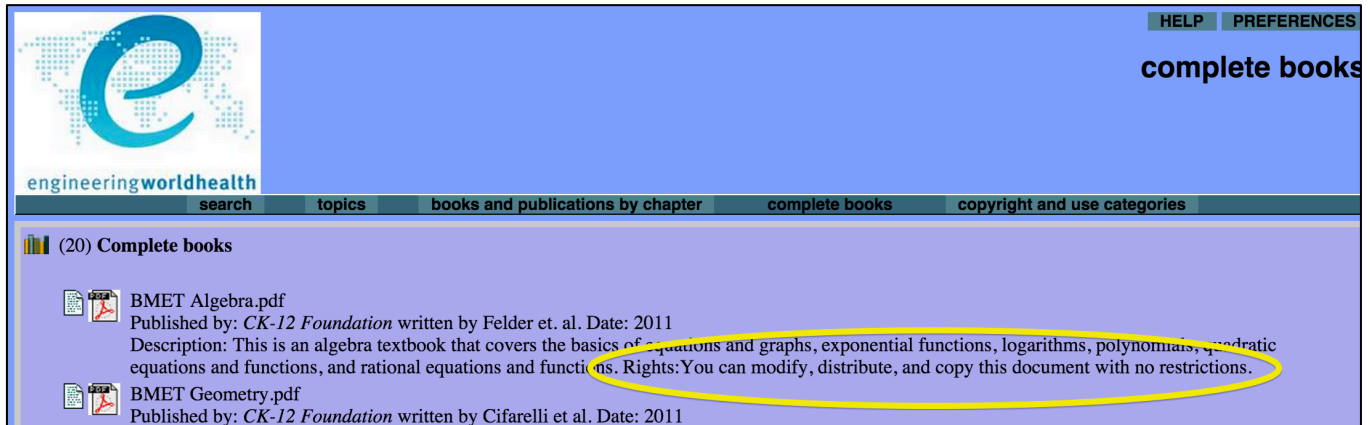

Figure 1. Copyright and use information as seen in the document description.

The BMET Library includes complete books, as well as chapters and excerpts from books. Terms for full books are the same for excerpts and chapters of books and vice versa.

Documents are sorted into four categories:

1. **Modify, Distribute, and Copy.**
2. **Modify, Distribute, and Copy with the inclusion of applicable license.**
3. **Distribute and Copy. CANNOT modify.**
4. **CANNOT Modify, Distribute, or Copy.**

This guide will give further information about copyright and use and explain the terms of use for each document in the BMET library. A **Glossary of Terms** is included on page 2 of this guide.

Glossary of Terms:

Modify:

Modification means changing a document in the BMET Library.

Some Examples of Modification:

- Changing the layout of a document.
- Removing sections of text or images from a document.
- Adding text or images to a document.
- Any changes or alterations to the original document.

Distribute:

Distribution means sharing or giving out copies of documents in the BMET Library to other people. This includes giving documents from the BMET Library to others via digital or physical means.

Some Examples of Distribution:

- Giving copies to others via digital means (emails, text messages, posting on other websites or blogs, etc.)
- Giving copies to someone via physical means (printouts, handwritten copies, photographs, etc.)

Copy:

Copying means creating a reproduction or facsimile of a document in the BMET Library.

Some Examples of Copying:

- Taking screenshots or photographs.
- Copying and pasting text or diagrams to another document.
- Making Xerox copies of printed material.
- Typing the contents of a document verbatim.

1. Modify, Distribute, Copy

Documents of this type may be freely **modified, distributed, and copied** by users without any restrictions.

Documents that fall into this category are:

1. **BMET Algebra**, Felder et. Al., 2011.
2. **BMET Geometry**, Cifarelli et. al., 2011.
3. **BMET Probability and Statistics**, Meery and Parsons., 2011.
4. **BMET Trigonometry**, Fortgang et. al., 2011.
5. **How to Manage Series**, Lenel et. al., 2005 (All Documents).

What Can I do With This Document or Image?

- Can I use it for reference purposes? **Yes.**
- Can I use it in my PowerPoint presentation? **Yes.**
- Can I take screenshots of it? **Yes.**
- Can I make copies or printouts of it? **Yes.**
- Can I post it on my website or blog or on social media? **Yes.**
- Can I give it to others? **Yes, both digital and physical copies.**
- Can I edit or make changes to it? **Yes.**
- Can I edit or make changes to it and then give it to others? **Yes.**

2. Modify, Distribute, Copy w/ License

Documents of this type may be **modified, distributed, and copied** by users as long as the original license is reproduced in the modified versions.

Use of Licenses:

Some documents in the BMET Library allow you to modify, copy, and distribute documents with the inclusion of a license. This means that the license must be attached in a clear manner to the BMET Library document being used. Clear attachment may include inclusion of the license within the document text and/or as a link to the main document.

License details for each applicable document appear within the text of the associated book. No additional terms may be imposed upon a license. Details about license terms, contents, and use can be found by clicking on the links below.

The BMET Library currently includes documents with 4 types of licenses:

- **Creative Commons Attribution 4.0 International License:**
<http://creativecommons.org/licenses/by/4.0/>
- **Design Science License:**
<http://www.ibiblio.org/kuphaldt/electricCircuits/Devel/dsl.html>
- **Developing Nations 2.0:** <https://creativecommons.org/licenses/devnations/2.0/>
- **GNU Free Documentation License, Version 1.3:**
http://en.wikibooks.org/wiki/Wikibooks:GNU_Free_Documentation_License

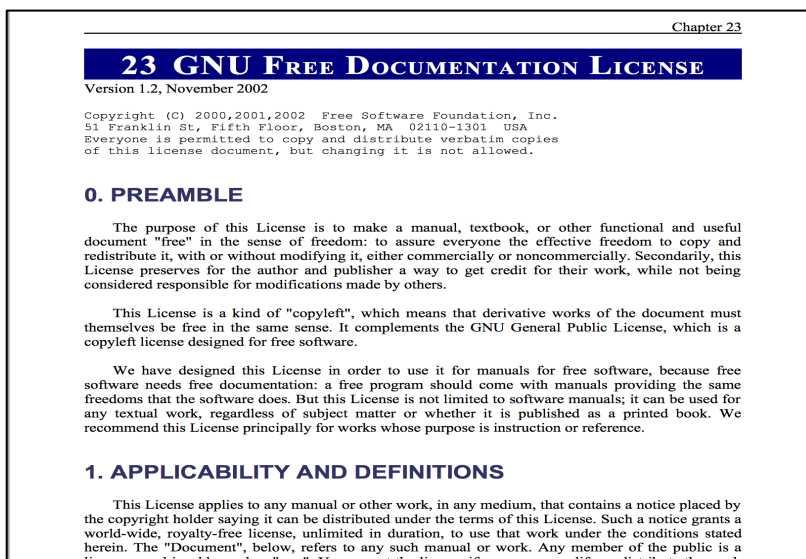

Figure 2. The GNU Free Documentation License as found on p. 26 of the book Human Physiology

2. Modify, Distribute, Copy w/ License

Documents using the Creative Commons Attribution International 4.0 License are:

1. **Anatomy and Physiology**, Openstax College, 2013.
2. **Physics**, Openstax College, 2013.
3. **Pre-Calculus**, Openstax College, 2013.

Documents using the Design Science License are:

1. **Lessons in Electric Circuits, Volume I-VI**, Tony Kuphaldt, 2006-2010 (All Documents).

Documents using the Developing Nations 2.0 License are:

1. **Developing Anesthesia Textbook, Version 1.6**. Pescod D., (2007). Retrieved from:
[http://www.developinganaesthesia.org/developinganaesthesia\]textbook.html](http://www.developinganaesthesia.org/developinganaesthesia]textbook.html)

Documents using the GNU Free Documentation License are:

1. **Human Physiology**, Wikibooks Contributors, (2006).

What Can I do With This Document or Image?

- Can I use it for reference purposes? **Yes.**
- Can I use it in my PowerPoint presentation? **Yes.**
- Can I take screenshots of it? **Yes.**
- Can I make copies or printouts of it? **Yes.**
- Can I post it on my website or blog or on social media? **Yes.**
- Can I give it to others? **Yes, both digital and physical copies. Details of the license should be included in all copies given to others.**
- Can I edit or make changes to it? **Yes. Details of the license should be included in the changed version.**
- Can I edit or make changes to it and then give it to others? **Yes. Details of the license should be included in all copies given to others.**

3. Distribute, Copy, CANNOT Modify

Documents of this type may be **copied** and **distributed** by users without any restrictions, but may NOT be **modified**.

Documents that fall into this category are:

1. **Biomedical Technician Assistant (BTA Skills)**, Robert Malkin's Developing World Healthcare Technology (DTH) Laboratory, 2011.
2. **Medical Equipment Packet Series**, EWH, 2015.
3. **Medical Equipment PowerPoint Series**, EWH, 2015.
4. **Human Factors for Healthcare Technology Safety: Evaluating & Improving the Use of Health Technology in the Real World**. Cassano-Piche, A. et. al. IFMBE & HumanEra@UHN, 2015.
5. **Instrumentation Medicale dans le Monde en Developpement**, WHO, 2006.
6. **Mantenimiento y Reparacion del Equip de Laboratorio, Diagnostico por Imagen y Hospital**, WHO, 2006.
7. **Maintenance and Repair of Laboratory, Diagnostic Imaging, and Hospital, Equipment** WHO, (WHO: 1996).
8. **Medical Instrumentation in the Developing World**, Robert Malkin, (2006).
9. **Medical Equipment Troubleshooting Flowchart Handbook**. Cooper, Justin and Alex Dahinten, Engineering World Health, 2006.
10. **Série Technique de l'OMS sur les Dispositifs Médicaux**, WHO, 2001. (All Documents).
11. **User Care of Medical Equipment: A First Line Maintenance Guide for End Users**. Strengthening Specialised Clinical Services in the Pacific & Andrew Gammie, 2015.
12. **WHO Medical Device Technical Series**, WHO , 2001. (All Documents).

What Can I do With This Document or Image?

- Can I use it for reference purposes? **Yes.**
- Can I use it in my PowerPoint presentation? **Yes.**
- Can I take screenshots of it? **Yes.**
- Can I make copies or printouts of it? **Yes.**
- Can I post it on my website or blog or on social media? **Yes.**
- Can I give it to others? **Yes, both digital and physical copies.**
- Can I edit or make changes to it? **NO.**
- Can I edit or make changes to it and then give it to others? **NO.**

4. CANNOT Modify, Distribute, or Copy:

Documents of this type may NOT be **modified, copied, or distributed** by users under any circumstances. These books may be used for reference only.

Documents that fall into this category are:

1. **Care and Safe Use of Hospital Equipment**, Muriel Skeet & David Fear, 1995.
2. **Laboratory Equipment Maintenance Manual**, WHO, 2008.
3. **Maintenance and Repair of Laboratory, Diagnostic Imaging, and Hospital Equipment**, WHO, 1996.
4. **X-Ray Equipment Maintenance and Repairs Workbook for Radiographers & Radiological Technologists**, McClelland, I., 2004.

What Can I do With This Document or Image?

- Can I use it for reference purposes? **Yes.**
- Can I use it in my PowerPoint presentation? **NO.**
- Can I take screenshots of it? **NO.**
- Can I make copies or printouts of it? **NO.**
- Can I post it on my website or blog or on social media? **NO.**
